

2013-14 General Choice Transfers

Available Space

Elementary

The following schools currently have available space to accept students on General Choice Transfers for the 2013-14 school year. Applications will be processed in the order in which they are received, with consideration given to transfer priorities outlined in the Shelby County Board of Education School Admissions Policy, #6002 (e.g. siblings, children of school-based employees, etc.). If a school cannot accommodate all requests, applicants who are not approved will be placed on a waiting list.

Schools that are not listed here do not currently have space available to accept transfers. All applicants to schools without space will be placed on a waiting list. Parents desiring transfers are strongly encouraged to apply to schools with available space, as it is very unlikely that students will be accepted from waiting lists.
